P R O F I L E

I am a highly active learner who is eager to try new things and has excellent time management skills. Besides that, website programming is one of my passions. I am responsible for every work that I do and have a wide range of experience to demonstrate my expertise in this field.

E X P E R I E N C E

● Frontend Developer

April - July 2022 | Torche Education

Create a Learning Management System website using Wordpress and perform maintenance.

● Web Developer

October 2021 - March 2022 | Bidan Membantu

Creating a wordpress-based website using the Kadence page builder, website maintenance and managing the entire content on the website

● Staff Operational

February - August 2020 | PT Sumber Cahaya Semesta

In this company, I'm in charge of making delivery notes, making financial reports in Excel, reporting finances, online mapping of the business location on Google Maps, and creating a company profile website.

V O L U N T E E R

● Web Developer

May - December 2021 | Imbang Diri

I am responsible for handling the entire content of the website, starting from adding, editing, and managing the content on the website ID.

● Web Developer

June - August 2021 | Haven Indonesia Semesta

I'm in charge of developing a website at Haven using the Word Press platform. I did this due to several reasons, including time, speed, ease of access, reliability, ease of SEO setting up, and so on.

C E R T I F I C A T E S

Google IT Support ([Coursera](#))

here I learned tasks including computer assembly, wireless networking, installing programs, customer service, Learning to use systems including Linux, Domain Name System, Command Line Interface, Binary Code and customer support

Certificate Web Programming Basic ([Dicoding](#))

In this class, I learned about the basics of HTML, CSS and JavaScript as the three foundations of website development.

Certificate Basic Data Visualization ([Dicoding](#))

This class was for beginners (like myself) who want to start their career in the field of data processing by referring to industry competency standards.
